NOTICE

THE STATE OF NEW HAMPSHIRE

L. S.

To the inhabitants of the Town of Hooksett, qualified to vote in town affairs:

You are hereby notified to meet at the Town hall in said town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1st. To choose a Town Clerk, three Selectmen, Town Treasurer and other necessary town officers and Agents for the year ensuing.

2d. To hear the reports of the Town Treasurer, Board of Selectmen, Agents and Committees or other Officers heretofore chosen or appointed, and to pass any vote relating thereto.

3d. To raise such sums of money as may be necessary for the support of schools, for laying out and repairing highways and bridges, and other necessary charges arrising in said town.

4th. To see how much money the town will vote to raise on bonded debt.

5th. To choose one Trustee for three years for the Public Library.

6th. To choose one Trustee for three years, to administer the Cemetery Trust Funds held by the town.

7th. To see if the town will raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways.

8th. To see if the town will vote to receive bids for the collection of its taxes, and to award the contract to the lowest responsible bidder.

9th. To see if the town will vote to give a discount of two per cent on all taxes paid on or before the first day of July.

10th. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-third day of February, in the year of our Lord one thousand nine hundred and seventeen.

REPORT SCHOOL BOARD

Year Ending February 15, 1917

The School Board organized for the year immediately after the district meeting, and elected Leopold T. Togus, chairman, and Albert F. Sanborn, clerk. It was voted to meet on the first Monday night of each month, with the exception of August, at 7.30 o'clock.

The schools have made satisfactory progress during the year, considering the handicaps they labor under, especially that of overcrowing. The congestion at No. 4 is serious, and the district must give it earnest consideration in the near future. Even by transporting the higher grades to No. 6 conditions are not much improved, and now No. 6 grammar is crowded to the limit.

We have had an able corps of teachers during the year who have worked diligently to obtain good results. There have been several changes among them, but no retardation of work resulted. Mrs. Mabel S. Daley, teacher at No. 5, resigned in May, and Miss Jennie Harwood of Manchester, was engaged to finish the balance of the term. Miss Marjorie Davis, teacher of No. 6 grammar school, resigned late in August, and Miss Blanche Thibedeau, a graduate of Plymouth Normal School, was hired for the year to teach No. 6 grammar school, but met with an unfortunate accident in October by which she was incapacitated. She was granted a leave of absence, Mr. John Jennings of Manchester was

engaged as a substitute. Miss Blanche Woodbury has taught No. 6 primary, Miss Florence Chancey No. 2, Miss Rena Kimball No. 4, and Miss Hazel Davis No. 7, throughout the year.

The schools were closed for one week during the month of October, owing to the prevalence of infantile paralysis in surrounding towns. No cases developed in Hooksett, however, and work was resumed without further loss of time. The schools were in session a total of thirty-four weeks.

On account of the congestion in Nos. 2 and 4, the policy of transporting the pupils in the higher grades to No. 6 grammar has been continued, and at present a total of twenty-five scholars are being carried by trolley. In this connection the Board this year changed the previous policy, and has been purchasing tickets from the electric railroad in advance. The teacher issues two of these tickets each afternoon to each pupil present, one to carry them home at night and the other to bring them back. This avoids the necessity of parents advancing carfare, which in the case of a long term amounts to considerable, and also simplifies the bookkeeping necessary where so many are carried. The total cost of transportation, including the carriage bringing pupils from No. 8 district, is about $20 per week.

The amount of repairing done during the summer was considerable. A new chimney was constructed at No. 7 school house, and the inside was cleaned and painted. A new floor in this building will be needed in the near future.

At No. 5 the long desired well was finally dug, and six feet of excellent water in abundant supply was obtained on the school ground near the school house. A

good pump was installed. This building was shingled, the chimney repaired and cleaned, the woodshed repaired and the toilets, which had fallen into decay, rebuilt.

The woodshed and toilets at No. 4 are absolutely unfit for use and must be altered during the coming year.

The toilets at No. 6 are always in a filthy and unsanitary condition, and in view of the fact that about twenty-five pupils from every district in town are obliged to be there all day it is imperative that something decent and convenient be provided for them. Closets within the school building, which are guaranteed absolutely sweet clean and sanitary, can be provided for Nos. 6 and 4 at an expense of about $250, and it is earnestly recommended that the district sanction their installation. The expense of trying to keep in a usuable condition the outside closets now in use averages about $25 to $30 a year, so that the new closets would be an actual saving in money, as well as adding to the comfort and the health of the pupils.

The light in the primary and grammar schools at No. 6 was so bad during the late afterncons of the short days of fall and winter that it was injurious to the eyes of the children, and it was deemed advisable to place electric lights in these rooms.

Mr. C. P. Sanborn has acted as truant officer throughout the year.

Master Louis Thomas took the school census, and the following is his report:

Children in public schools	193
Children in parochial schools . . .	65
Children in high schools	10
Truants	10

Children outside district.	
Allenstown	2
Manchester	25
Children ages 5 to 8	16
Total number of children 5 to 16	321

In conclusion, it is earnestly recommended that at least as much money be appropriated this year as last. The state department is vigorously urging that we put our school buildings in good condition, both structurally and hygiencially, and this can only be done by continuing the present appropriations for repairs, in addition to the estimate for sanitary closets.

The following are the financial requirements for the coming year:

Amount required by law	$2,452 50
To be appropriated for support of schools	1,500 00
For repairs	300 00
For sanitary closets	250 00
Total	$4,502 50

Remarks

The library has had a very successful year. It has been open every week, with one exception. At that time the librarian was at Plymouth Normal School. The circulation of books has been very large. We have been remembered with books, magazines and papers. Mr. Charles P. Porter, of Manchester has given ten National Geographic Magazines. This is one of the best magazines published, and we appreciate his kindness. Miss Grace Blanchard, librarian at Concord, has given seven books. She has remembered us many times. Last year she gave the entire set of Dickens' Works, fifteen volumes. She sold us a set of Encyclopaedia Brittanica, twenty-five volumes, for the small sum of $2.50. We wish to extend our sincere thanks to Miss Blanchard for her interest in our library. Mrs. Lydia S. Patten has given the Ladies' Home Journal for the year. We take this opportunity to thank all who have in presented books, magazines, papers, or have in any way helped the good work of the library. We have some very good books this year, selected by trained librarians. We hope our patrons will enjoy them We would recommend, that our library be endowed. The interest would then enable us to purchase new books as they are published. We believe that a library of good books, well patronized, as an educator for the young, stands next to our public schools.

Respectfully submitted,

JENNIE B. ABBOTT,
Librarian.

Board of Health

General health conditions of the town have been good throughout the year. The number of cases of contagious diseases have been few and were all confined to the premises where they originated.

During the first week in October the selectmen deemed it advisable, because of the presence of infantile paralysis in surrounding towns, that the schools be closed. No cases appearing in this town and conditions having improved elsewhere, the schools were reopened, after having been closed one week.

One nuisance was investigated and proper disposal made of it.

The following cases of contagious diseases were reported to the health officer and the premises fumigated: scarlet fever, 5; tuberculosis, 3; diphtheria, 3; typhoid fever, 1.

LEOPOLD T. TOGUS, M. D,
Health Officer.
